

Babysitting for Vendors & Industry Parents (VIP)

Building a business in the wedding/event industry can be long days and even longer nights. With that being said, having young kids can make it down right brutal. We know with your originality, detail-orientation and creativity you typically can find a way to make visions come true. But finding a reasonable babysitter for 10 to 15 hours on your event day is somewhat impossible. Black-Tie Babysitting is here to help our industry friends with non-judgemental care.

We have 3 different customizable packages. It will be subject to availability and first come first serve. If interested complete the form, [here](#). We are now accepting reservations for 2020. Email us for pricing details at info@blacktiebabysitting.com
